# Dry Aged Meat

With our Dry Aged cupboard and the 800 degree grill, we turn "good from the lake"-meat into an exclusive Löchnerhaus-specialty.

We only use meat from animals from species-appropriate husbandry from farms located within a maximum radius of 40 km around Lake Constance. The meat of these animals is processed exclusively in the butchery Otto Müller in Constance and the Fairfleisch company in Überlingen.

All products are available while stocks last.
